## REMEMBERING OUR ROOTS

**Tri-County Eye** has grown from its humble beginnings in 1973 with Drs. Miller and Tax into the premier provider of comprehensive eye care in Bucks County.

**A**s our practice and facility has evolved over the years through several renovations and expansions to meet the needs of our patients, we remain dedicated to our original mission – providing comprehensive medical and surgical eye care services of the absolute highest quality possible, resulting in the best outcomes for each and every patient.

**T**ri-County Eye offers a range of services, including:

- Comprehensive and routine eye health examinations
- Pediatric ophthalmology
- Refractive cataract surgery with advanced technology intra-ocular implants
- Laser Vision Correction (LASIK) to reduce your dependence on glasses
- Oculo-facial plastic reconstructive and cosmetic surgery
- Skin care, Botox, and filler injections for facial rejuvenation
- Optometric vision care services, including expert contact lens fittings
- Optical shops, offering stylish eyeglasses for all ages with exceptional value, support, and warranty
- On-site, Medicare-approved surgery center
- Convenient hours of operation, with the ability to treat eye emergencies referred by area physicians, hospitals, and urgent care clinics

**T**hankfully, patients in our community have continued to recommend Tri-County Eye to their family and friends, thus maintaining our connection to generations of satisfied patients. As always, we are indebted and remain grateful for this opportunity to serve our patients.
